Field of Sets script, 221, 271
files
confirming existence and integrity, 215
versions, 242
File Browser, replaced by Bridge, 115
file formats, 15, 28, 244
file integrity, verifying, 157
file migration, 249–276
catalog snapshots, 252
comprehensive planning, 252
metadata and, 251
overview, 249–254
parallel structure, maintaining, 253
testing, 250
file naming, 76
appending names for derivative files, 81
changing filenames, 82
JPEGs and, 80
original files, 77
recommendations, 83
unique identifier numbers, 80
file servers, 91
self-contained, 92
film archives to digital archives, 263
FireWire and USB2, 102
folders, 12

G
groupings, 47

H
Halstead, Dirk, 74
hard drive interfaces, 101
power supplies, 101
histograms, defined, 179

I
IFC, using with or without a camera, 136
images
acquiring, 154–158
backing up, 156
bulk metadata assignment, 164–166
copyright information, appending,
164–166
downloading, 154
opening with Photoshop via iView,
208
preparing in Bridge, 159–191
rating, 168–172
renaming files, 162
sorting image files, 161
unrated, 172
image processors, 234
imaging software migration, 276
Import from Camera (IFC), 166
information structure, 59–83
consistent, 63
unified, creating, 63
Integrated Drive and Electronics/Advanced
Technology Attachment, 101
International Press Telecommunications
Council (IPTC)
Core and rights granted, 238
data, 53–57
metadata versus, 31
iView MediaPro, 208

J
JPEGs, shooting only, 153
JPEG format issues, 236
Just a Bunch of Disks (JBOD), 93, 94

K
keywords, 13, 35–50
assigning, 46
keyword sets, 148

L
labeling CDs and DVDs, 113
legacy files
backing up, 258
cataloging, 259
duplicates, removing, 259
migrating from film to digital, 263
renaming, 255
syncing ratings and keywords with
new system, 260
Lens tab, 182
Chromatic Aberration setting, 182
Vignetting setting, 182
licensing model, 24
live and local archives, 88
system configuration, 96
longevity of collection, 22

M
market value of needle in a haystack, 22
master files, 230, 231
layers, 241
sizing, 240
media card
formatting, 158
handling, 154
media info, metadata and, 32
metadata, 31–57, 140
archives and, 61
automatically generated, 32
bulk entry data, 33
Caption Maker, extracting, 236
cataloged, 50
categorizing, 35–50
embedded, 47, 51, 52
file migration and, 251
file properties, 32
market value and, 32

Index
